incorporating EU Regulations 2002/95,2003/11, and 2005/59.

Dear Sir/Madame,

All products manufactured by Taconic International Limited, and supplied to our customers are defined as articles under the REACH regulations. No substances are intentionally released as a result of using our articles in accordance to recommended specifications. We are considered by the above referenced legislation to be downstream users of substances.

As a consequence, we have been in contact with all our suppliers to ensure that they have evaluated products supplied to us with REACH in order to ensure that there is no uninterrupted supply to our production process.

The list of pre-registered substances has been available on the 1<sup>st</sup> January, 2009 via the ECHA website. We have checked that all substances used in our preparations and articles are registered with ECHA.
